Attention Families with Grade 7 to 12 Students for the 2021/2022 School Year

To help improve situations when students forget or lose their passwords, the KPR ICT department will be enabling a Self Service Password Reset process for Grade 7 to 12 students (2021/2022 School Year). Once students complete the registration process they will be able to reset their passwords on their own.

From now until June 14th, 2021, students will be able to voluntarily complete the process. On June 15th, students who have not completed the process will be prompted to do so when they log into a KPR application or service.

Please follow the below steps to complete the process ahead of June 15th to avoid interruption.

1. Navigate to KPRWeb.kprdsb.ca/students

2. Select the gear icon and then SSPR Registration

3. Choose "Set it/them up now" for either the Phone or Questions option then follow the prompts to complete the process.
